2020 FISU World University Championships – attribution

Dear friends,

We are pleased to inform you that the FISU Executive Committee has attributed the organisation of the 2020 World University **Orienteering** Championship to your federation.

FISU will of course be in close contact with IOF in order to set the dates of this event. Indeed, from the experience gained from the organisation of previous World University Championships, the date of a championship is the first important step to be decided, in order not to overlap with other events in calendar of other international sports federations. We will also check the dates suggested in agreement with the FISU Technical Delegates.

We ask you to be so kind as to send us the complete contacts details of the newly Organising Committee.

You will receive the contracts and MPA signed by FISU and the invoice for the Organising Rights & Services Fee in the coming weeks. In a later stage you will be invited to attend one of the 2018 World University Championships as observer. This will allow the 2020 Organising Committee to receive the FISU flag and to benefit from meetings with stakeholders involved in the organisation of FISU Events.

We are convinced that this event will help to consolidate the excellent co-operation with your Association. Looking forward to collaborating with you as to guarantee the success of this Championship.

Should you have any questions, we are at your disposal for any clarifications (championships@fisu.net).

Best regards,

Eric SAINTROND
Secretary General/ CEO
