Re: Call for Candidatures - 2022 FISU World University Championships

Dear Member Associations,
Dear Friends,

Every two years, FISU organises World University Championships for the sports accepted by the FISU Executive Committee. By this letter, we are pleased to officially launch the candidatures for the 2022 FISU World University Championships which, for the first time, will include the sport of Powerlifting.

You will certainly note that the World University Championships programme is evolving, and some sports not included in this list will be launched as University World Cups, competitions between university teams. The bidding process for these events will be opened in the coming months. Should your association be interested in organising a Championship in 2022, the FISU World University Championships department will be pleased to send you the guidelines to be followed in order to submit your bid.

According to the procedure in our regulations, we remind you that only a Member Association of FISU can submit a Bidding Dossier. Any candidature submitted to FISU with all completed documents until 15 September 2019, at the latest, will be analysed by the FISU Technical Committee Chairs concerned and by the WUC Evaluation Committee.

Accepted candidatures will be invited to present their bid to the mentioned committee in October 2019. This presentation, together with the previous evaluations, will define whether the bid will be submitted to the Executive Committee, whose decision will be announced in December 2019.

We draw your attention to the necessity of producing all letters of commitment and we remind you that any candidature must be accompanied by a bidding fee of 500 EUR in order to be taken into consideration.

In advance, we would like to thank all Member Associations for their contribution to the development of University Sports and to the success of the 2022 season.

We look forward to receiving your bids.

Kind regards,

Eric SAINTROND
Secretary General/CEO
